The patrols are there to enforce the policies designed by the administration. If you have a concern with a school policy, please do not discuss it with the patrols. Please take all concerns to the patrol supervisor.

## ATTENDANCE

**Attendance and punctuality are mandatory.** It is an educational fact that attendance and grades are connected. There are probably no factors more important to successful school progress than regular and punctual school attendance. Students who are tardy or absent excessively from the instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently. A STUDENT IS CONSIDERED LATE IF ARRIVING AFTER 8:00 A.M (Elementary) or 8:15 A.M (Middle).

**School Attendance:** Students are to be counted in attendance only if they are actually present for at least **two** hours of the day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

**Class Attendance:** Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

1. **Students missing three or more consecutive days of school due to illness or injury are required a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. If a student is continually sick and repeatedly absent from school due to a specific medical condition he/she must be under the supervision of a health provider.
4. Failure to provide required documentation within three school days upon the return to

school **will result in unexcused tardies or absences.**

5. Students who have habitually unexcused absences shall be considered truant. Students affected by the Compulsory School Attendance Law may be referred to Children and Family Services for truancy.
6. Any student arriving after 8:00am will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed a parent/guardian explaining the reason for being tardy.
7. Parents are to contact the office if their child is going to be absent. On the day he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 handwritten notes will be accepted per school year. After 10, a referral will be issued. Students may not exceed more than 10 unexcused absences per school year. For every five unexcused absences, the student will receive a referral.
8. Make-up work and homework must be completed within 24 hours (per missed day) after returning to school. All assignments must be made-up or the student will be issued an incomplete. Incomplete assignments may affect the student's final grade. **It is the parent's responsibility to contact the teacher regarding any missed assignments.** If a student anticipates being absent for more than two consecutive days, it is the parent's responsibility to contact the school and pick-up any class work/homework from the teacher.

### **Excused Absences**

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding **five** consecutive days). The written statement must include all days the student has been absent from school. If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider in order to receive excused absences from school.
- B. Medical Appointment: If a student is absent from school due to a medical appointment a written statement from a health care provider indicating the date and time of the appointment must be submitted to the Principal.
- C. Death in immediate family.
- D. An approved school activity (absences recorded but not reported).
- E. Other absences with prior approval of the Principal.
- F. Attendance at a center under Department of Children and Families supervision.
- G. Significant community events with prior permission of the Principal. When more than

one school is involved; the district's executive director will determine the status of the absence.

- H. Observance of a religious holiday or service when it is mandated for all members of a faith that such a holiday or service is observed. The religious holiday must be listed on the district's approved list of religious holidays.

## **Tardiness**

A student is considered tardy if they are not present at the moment the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

***A student who has twenty (20) or more cumulative tardies will not be allowed to participate in competitions, performances, or class trips for the remainder of the school year.***

## **Early Sign-outs**

No student shall be released within the final thirty (30) minutes of the school day unless authorized by the Principal or principal's designee (i.e., emergency, sickness).

No student shall be permitted to leave school prior to dismissal at the request of, or in the company of anyone other than a school employee, a police officer with judicial authority, a court official, or the parents of the student unless the permission of the parent is provided. No parent may have access to the student or may grant permission to allow the student to leave school prior to dismissal if there is a legally binding instrument or court order governing such matters as divorce, separation, or custody which provides to the contrary. The parent who is the primary residential custodian or the parent who enrolled the student shall determine in writing, if the student may be released to individuals unless otherwise stated in a court order.

**Emergency Contact Card must include those individuals who a parent/legal guardian permits the child to leave school grounds with on any day at any time.**

## **BIRTHDAYS- Elementary School only**

Parents might want to recognize their child's birthday in school. If you wish to provide a small party for your child's class, please make arrangements with your child's teacher. The approved celebration time for grades KG – 2<sup>nd</sup> is 2:15pm and for grades 3<sup>rd</sup> – 5<sup>th</sup> is 2:45pm.

**NO PEANUTS OR ITEMS CONTAINING NUTS ARE ACCEPTED OR ALLOWED FOR ANY ACTIVITY AT SCHOOL.**

## **BOOK BAGS**

It is recommended that each student have a book bag to transport his/her books and materials between school and home. We encourage parent(s) to check their child's book bag often to ensure necessary school materials, assignments, and communication notes are seen and returned to school. Please check your student's Take Home Folder for any information/documents being sent home for your review. School supplies should be replenished as needed.

## **LUNCH BAGS/BOXES**

Students who bring lunch bags or boxes from home must bring it upon beginning of the school day. For the safety and security of all of our students, family members are not allowed to bring outside foods to the cafeteria. Should an emergency occur, parent/legal guardian is to leave the lunch bag/box with security personnel in the main entrance of the school.

## **COMMUNICATION**

### **Parent to School Communication**

A prime factor in our operation is the importance we place upon communication between home and school. The lines of communication must be kept open at all times so that we may be properly tuned into your child's needs.

#### **Please notify us immediately if:**

1. Your child has developed a communicable disease.
2. You will be out of town.
- 3. Your telephone number and/or email address (home and/or work) has changed.**
4. You wish to change or add to the emergency contact numbers we are to use.

### **Parent to Teacher Communication**

Conferences with individual teachers must be arranged by contacting the teacher via email/ClassDojo. Teachers may also be available during different times; however, you must make an appointment to meet with them. Parent conferences are not to be held while other families are able to hear information for other students as all student information is private and we respect each of their individual abilities. **Moreover, please do not engage in parent/teacher conferences during arrival or dismissal times as the primary goal for all school staff is to maintain the safety of all students at all times.**

*Always attempt to resolve issues/conflicts with the teacher(s) before communicating to the administration. Most issues can be resolved when you have open and honest communication with your child's teacher.*

Order of contact to resolve an issue is:

**Teacher → Lead Teacher → Assistant Principal → Principal**

### **School to Parents Communication**

1. Bridgeprepacademyhollywood.com in which newsletter, home learning, calendar and all communication is posted.
2. Emails and notifications will be sent home periodically informing you of upcoming activities or deadlines.
3. ClassDojo provides additional information regarding school events and celebratory functions.

### Accidents/Illnesses

Parents will be notified immediately in case of illness or an accident. In the event that a parent cannot be located, the person(s) named on the emergency contact cards will be contacted. **It is the parent’s responsibility to make sure that these numbers are current and accurate.** Please notify the office immediately of any accident or injury which occurred during arrival or departure from school.

Children who are ill should remain at home to minimize the risk of passing the illness onto others. Please notify us of any contagious illness your child has so we may alert other parents. In addition, please notify the school of any chronic condition your child may have.

**Fire Drills** – We practice monthly fire drills to familiarize the students with emergency procedures in case of a real fire. These drills are practiced all different times on various days throughout the school year.

*We fully understand the sensitiveness to such circumstances and do what is needed to secure our students safety first. Communication will promptly be provided to our school community once all actions to ensure the safety of our students have been completed.*

## **EMERGENCY CONTACT INFORMATION**

It is very important for us to have the name and phone number of someone who can be responsible for your child, if we cannot reach you. This person should be able to come to school and pick up your child if necessary. Please be sure that the person you list has this understanding.

***\*It is the parent(s) responsibility to monitor their child/children's use of technology when students are not in school. ## GRADES

Instructional staff uses evaluative devices and techniques as needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade reflects the teacher's most objective assessment of the student's academic achievement at their grade level. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

### Academic Grades

Academic grades are to reflect the student's academic progress. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject.

The academic grades of "A," "B," "C," "D," or "F," are not related to the student's effort and conduct grades. Grades in all subjects are based on the student's degree of mastery of the instructional objectives and competencies for the subject and grade level of the student.

K – 5 <sup>th</sup> Grades	Numerical Value	Verbal Interpretation	Grade Point Value
A	90 – 100%	Outstanding progress	4
B	80 – 89%	Above average progress	3
C	70 – 79%	Average Progress	2
D	60 – 69%	Lowest acceptable progress	1
F	0 – 59%	Failure	0

### Grade and Grade Point Equivalency

A = 3.50 or above

B = 2.50 – 3.49

C = 1.50 – 2.49

D = 1.00 – 1.49

Parents, please understand that it is mandatory for every 3<sup>rd</sup> through 5<sup>th</sup> grade student that receives a Level 1 or 2 on the FSA to attend FSA Academy at the school and participate in reading interventions throughout the school day.

## CODE OF EXCELLENCE

We believe that a safe and orderly school is of primary importance. When children behave in a respectful, responsible, and safe manner, they learn more and develop into responsible children whose “character counts”. The BridgePrep Academy Code of Excellence is a school wide plan, which clearly outlines student expectations.

Proper behavior is recognized and consequences are given for breaking our code. Each parent must take an active role in supporting this plan. We want our children to learn and to be responsible citizens. It is in the children’s best interest that parents and staff work together to ensure a happy, safe, and productive learning experience. The Positive Behavioral Support (PBS) program we implement allows for students who have earned Bulldog Bucks to receive a reward for displaying positive behaviors during school days.

**HEALTH GUIDELINES**

If your child is injured or becomes ill at school, you will be notified immediately. PLEASE KEEP US CURRENT REGARDING YOUR PHONE NUMBERS BOTH AT HOME AND WORK. This information is vital should an emergency arise.

## ILLNESS

1. If you suspect that your child is not well, please keep him/her at home, regardless of his/her desire to come to school. We ask that you do this out of consideration for his/her classmates.
2. If your child has had a fever, his/her temperature should be normal for twenty-four (24) hours before returning to school.
3. If your child has a cold, is coughing, and has a runny nose, please consider that he/she may be contagious to others. Please keep him/her home or make arrangements for his/her care until he/she recovers.
4. If your child has a rash, please keep him/her home and contact your doctor to find out the cause.
5. Our school staff only administers prescription medication prescribed by a doctor to children upon completion of a medication request form.

## Medication Policy

Every attempt must be made by the student's parent and physician to have medications administered at home during non-school hours. When this is not possible, a completed Medication Authorization Form must be provided for **each** medication to be administered during school hours.

No medication may be administered by school personnel unless the parent presents the school with a completed Medication Authorization Form, signed by the physician and parent.

The Medication Authorization Form must be **renewed each school year** and placed in the student's cumulative folder.

Any changes in the type, dosage or frequency of medication administered will require a new Medication Authorization Form to be completed.

The Medication Authorization Form must be current. The Medication Authorization Form will be filed in the student's Cumulative Health Record (*HRS-H Form 3041*).

In an emergency situation a Medication Authorization Form can be faxed to the physician and returned by fax to the school. A copy should be made of the form, as fax copies fade. An original must be obtained from the physician and include parent/guardian signatures within 24 hours in order to continue administering the medication.

## **Administering Medications**

State rule FL Statute, 1006.062 Administrative Rule, 64F-6.004 states that school personnel may assist students in the administration and/or dispensing of prescribed medication in compliance with the following procedures:

All medications will be administered by the school principal or his/her designee.

Medications may be administered by the school principal or his/her designee when there exists an illness or disability that requires maintenance-type medication and when failure to take prescribed medication could jeopardize the student's health and when the medication administration schedule cannot be accommodated before or after school.

If the parent/guardian has completed the Medication Authorization Form correctly and has met the requirements of the District, it is the obligation of the school to see that the student is medicated at the appropriate time indicated on the Medication Authorization Form.

Only the parent/guardian should deliver medications and pick up unused medications.

**\*Guidelines for administering medication will be followed very strictly.**

There are several illnesses that are common occurrences in school-age children.
